## Products

### New! Rain Dance.

One of America's most iconic brands is now available for automated car washes!

After launching in 1981, Rain Dance quickly became the #1 selling premium wax in America. It proved to provide unmatched beading and durability that lasted up to 3X longer than the competition.

With the same attention to performance given to the original, the Rain Dance brand is now offering a full-range of products and marketing support that will help separate your business from the competition. Not only will your customer recognize a brand they trust, they will experience results that will keep them coming back.

Learn more about Rain Dance and why it's the right choice for your car wash and bottom line.
